<The Lost Expedition: Into the Wild>

Little boy Yuja and his father are on a trip in Africa.

However, all of a sudden, a monkey comes out and disappears through the hole.

So he enters to the hole, in spite of himself, and reaches deep in the jungle.

That's where his adventure begin!

<The Lost expedition: Journey to a mysterious cave>

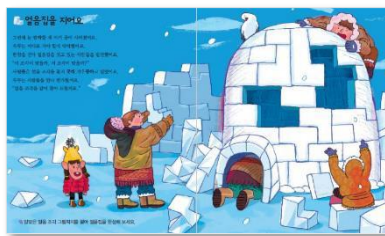

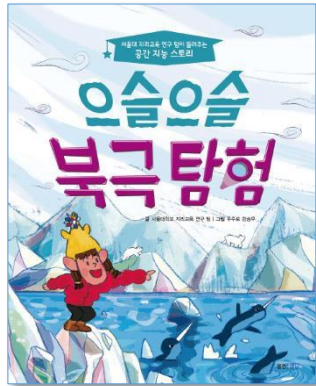

Jamong goes to a beach with his father.

But when he grabs a beach ball, suddenly he falls off through mysterious hole.

Inside the cave under the ground, he tries to find way.

However, someone is watching him, a furry white monster. So what happened to Jamong?

<The Lost Expedition: Frozen in time>

Jado explores North Pole with her uncle. When she is doing hide-and-seek with a baby polar bear, tries to follow him and finds something else in frozen world!

She explores the entire arctic area with the polar bear, a Inuit family, Nenets tribe.

Each adventure story encourages kids.

Information with various pictures let children think wider by exploring diverse cultures, exotic landscapes and more.

A special workbook that advances thinking power!
