

A Huge Leaf

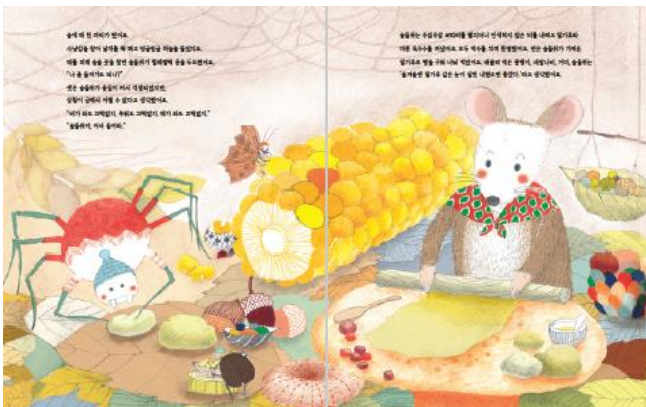

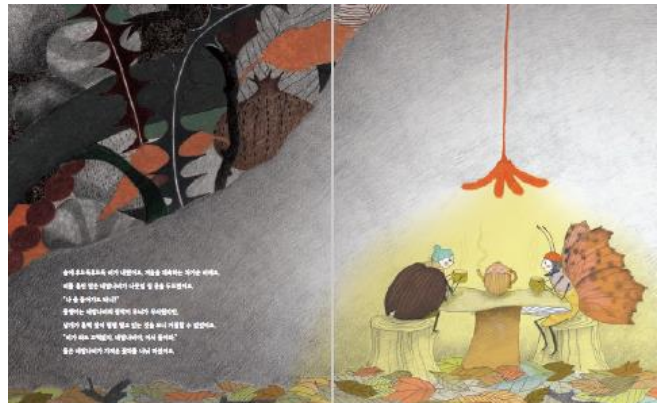

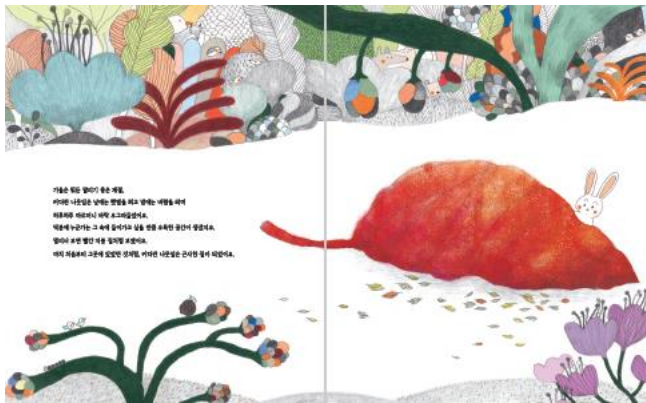

PUBLICATION DATE 25 October 2021
FORMAT Hardback
EXTENT 56 pages
CATEGORY Picture book
SIZE 223*280mm
RIGHTS WORLD

An Eco-friendly picture book about a big leaf which is a munificent giver to living creatures in the forest.

Here is a huge leaf who gives endless help to little creatures by changing its use. In the harsh winter, this huge leaf turned into a shelter protecting a beetle, a butterfly, a spider, and a vole. When spring came and they left the homey leaf to start their new adventure, the leaf flipped itself over and stored waters for insects who are eager to drink fresh water.

With beautiful coloured illustrations, children would think about the beauty of sharing and coexistence.

About the author:

Eun-kyung Park studied in Science Education at university and postgraduate school. She is working as an elementary school teacher as well as a poet.

You can find her poem in this book.

About this illustrator:

Sun-jeong Seo studied Oriental paintings at university, and is working for both children's and adult's books. She published several drawing books.
