Let's explore in the wood. You will find the Bzz Honey Pharmacy where Honeybee is working as an assistant of Ms. Flower-bee, a kind and competent pharmacist. Four seasons in nature with various events make you spot magical moments in spring, summer, autumn and winter.

When cold wind rises, insects living in the forest became busy to prepare hibernation. They stacked firewood, stored cotton wool, and made honey tea for winter. Due to the gaps between windows that Honeybee left with hope and expectations of Santa Claus, Ms. Flower-bee caught a cold overnight and unfortunately they have run out of medicine. Readers would follow his journey to find the pharmaceutical ingredient which is red flowers covered with snow, and enjoy their winter activities together.

This warm-hearted book provides a beauty of consideration for others and accepting help which will offer reassurance and comfort.
