Dinosaurs printed in my T-shirt is coming up!

A boy receives a dinosaur T-shirt from his aunt, and he absolutely loves it! He wears it everywhere – kindergarten, the playground, hospitals, restaurants, stores, and even at a wedding! His mother couldn't help but let him take it off for a wash.

But guess what? The dinosaur on the t-shirt magically springs to life! In that astonishing moment, other hidden dinosaurs around the house – a blanket, cap, socks, and even pants – also come alive. With a rallying cry, 'Let's go!', they embark on an exciting adventure. Where are they headed? What kind of adventures awaits them?

Come and join the world full of imagination and love.

Author Biography

Joo-hye studied Design at university and has written and illustrated picture books. The author has cherished a pink T-shirt with lower designs since her childhood, just like the protagonist of her book, 'Dino T-shirt'. As she grew older, the T-shirt became too tight and small for her to wear, but she still wishes to preserve the memories associated with it and share them with the readers.
