“That’s the one that I am eager to have!”

The brother and sister playing with a twig in a playground find something special – a spoon. It’s shining and sturdy like a product of cutting-edge technology compared a twig. “If I had a spoon, I could be a king in this area or meet alien or become a pirate.” To earn a spoon, they need permission of their mum. How can they convince her to bring out a spoon? Let’s join their imaginative adventure with a little twist at the end.

About the author:

Dong-wan Nam studied in Design at university and worked for a stationery design company. He has illustrated some picture books, including 'Interesting Insects' and also written 'A spoon war', 'Perfect timing', 'No one is curious about a mole' and so on.
